**Fish and Wildlife Code:
Conforming Revisions**

Request for Public Comment

The California Law Revision Commission has previously released a tentative recommendation that would repeal the Fish and Game Code, and continue its provisions without significant substantive change in a new Fish and Wildlife Code.

Enactment of that recommendation will require conforming revision of many other code sections that presently refer to provisions of the Fish and Game Code.

The Commission seeks public comment on a second tentative recommendation that would revise those sections to instead refer to provisions of the new Fish and Wildlife Code.

The tentative recommendation is available at the Commission's website (www.clrc.ca.gov) in the pull-down "Reports" menu, under "Tentative Recommendations." It is also available from the California Law Revision Commission, c/o UC Davis School of Law, Davis, CA 95616.

The Commission often substantially revises its recommendations in response to public comment. To receive timely consideration, comments should be submitted to the Commission by **January 1, 2020**.
